Wedding Photography

My Wedding Photography is set as follows:-

The final images are delivered on a printed DVD with printing and distribution rights with a resolution of 4000px for printing where you wish.

I have found that EVERY Client wants something different. Therefore I have tried to keep my pricing, packages and what I charge for as simple as possible. This is so that the client can choose what THEY want in addition to the initial time of shooting, post-production and presentation of the final images at the minimum price charged.

My Approach

Candid Images shot throughout, edited in a mixture of black and white and colour to suit the scene, mood and light and including Formal group shots and Bride and Groom Photography.
